ACKNOWLEDGEMENT

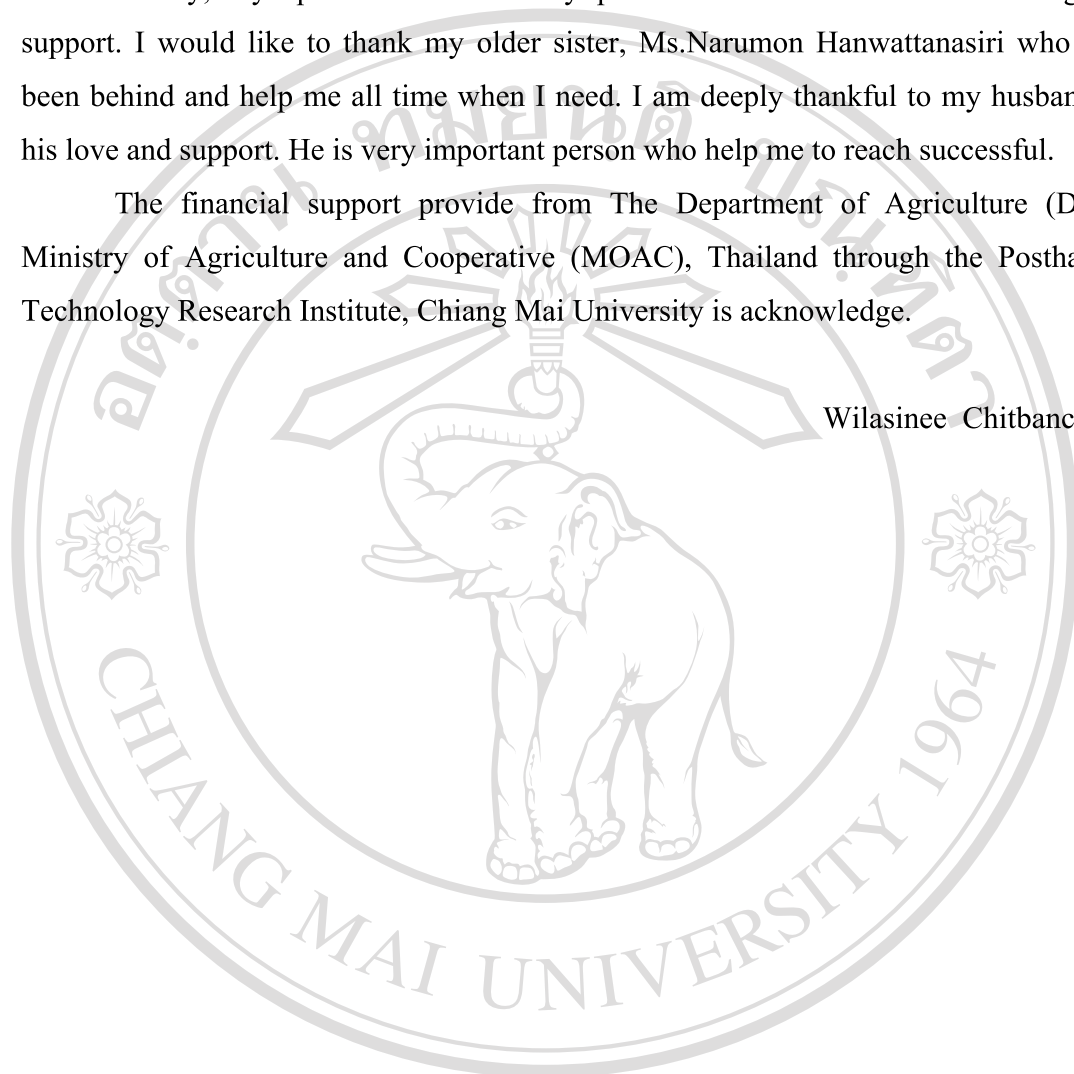

Firstly, I would like to gratefully thank my advisor, Assistant Professor Dr. Vicha Sardud, for his helpful advice, discussion and his kind suggestion on my work. He never let me alone, understand and gave me everything comfortably throughout my study at Chiang Mai University. Additionally, I would like to thank co-advisor Assistant Professor Assistant Professor Dr.Kanda Whangchai and Dr.Rumphon Koslanund who provide valuable comment for all my work. I also have to thank Assistant Professor Dr.Daruni Naphrom and Assistant Professor Dr.Adisak Joomwong for being examining committee. I have to thank especially Dr.Pitipong Thobunluepop, he help me to correct paper and gave many valuable comments on my work completely.

I am extremely grateful to Deputy Chief of Department of Agriculture (DOA) Jirakorn Kosaisevi, Director Uthai Noppakoonwong, Mr.Wittaya Apai and everybody of Office of Agricultural Research and Development Region 1 (OARD1) for their kindly help and giving good opportunity. I would like to thank Mrs.Lily Phalanusorn, Leader of Aflatoxin Laboratory and Mr.Panjapon Chaiyadhiroj, Post-Harvest and Products Processing Research and Development Office, Department of Agriculture for providing the knowledge and experience and supply research chemical and allowing me to use analysis instrument. I thank all my colleagues of Plant Variety Protection and Research Group, Plant variety protection Division. I also would like to thank to staffs at Postharvest Technology Research Institute, Chiang Mai University who spent time to teaching me how to use the lab equipment and serve me everything when I have problems.

Finally, my special thanks for my parents for their love understanding and support. I would like to thank my older sister, Ms.Narumon Hanwattanasiri who have been behind and help me all time when I need. I am deeply thankful to my husband for his love and support. He is very important person who help me to reach successful.

The financial support provide from The Department of Agriculture (DOA), Ministry of Agriculture and Cooperative (MOAC), Thailand through the Postharvest Technology Research Institute, Chiang Mai University is acknowledge.

Wilasinee Chitbanchong
